Administrative Assistants Conference New one-day event for administrative professionals! It had long since come to my attention that people of accomplishment rarely sat back and let things happen to them.

New one-day event The Administrative Assistants Conference

Women don't need to be totally submissive to men. It's not 1950. Men want companions! someone to share in life's ups and downs, someone to believe in them when things don't work out and someone to celebrate with when things go well.

It's No Surprise That Young Men Are Getting Fed Up With

Zen Habits is a blog written by Leo Babauta about implementing zen habits in daily life. It offers suggestions for how to live and also includes frequent references to how Leo Babauta has implemented these habits. He

covers topics such as simplifying, living frugally, parenting, happiness, motivation, eliminating debt, saving, eating healthily and successfully implementing good habits.

Zen Habits - Wikipedia

The loudness war (or loudness race) refers to the trend of increasing audio levels in recorded music which many critics believe reduces sound quality and listener enjoyment. Increasing loudness was first reported as early as the 1940s, with respect to mastering practices for 7" singles. The maximum peak level of analog recordings such as these is limited by varying specifications of electronic ...

Is This for Me? Yes, if you want to be involved in delivering the right systems - the ones that get used. Your title is probably business analyst, systems analyst, product owner, project leader or manager, requirements engineer, consultant, product or program manager or similar. Team members on agile projects benefit from understanding how requirements are best done in agile projects.

How to Master a Song - Simple 7 Step Mastering Formula

This isn't a prelude to suddenly becoming active on FB but I felt I had to share this. Yesterday there was an AES session on mastering for high resolution (whatever that is) whose highlight was a talk about the state of the loudness war, why we're still fighting it and what the final arrival of on-by-default loudness normalisation on streaming services means for mastering.
