The "argumentative turn" refers to a group of different approaches in policy-analysis and planning that emphasize the increased relevance of argumentation, language and deliberation in policy-making. Inspired by the "linguistic turn" in the field of humanities, it was developed as an alternative to the epistemological limitations of "neo-positivist" policy analysis and its underlying ...

## **Introduction - openresearch-repository.anu.edu.au**

Over the last two decades, the so-called discursive paradigm has emerged in both Europe and the USA to analyze policy and grasp policy processes differently. Rejecting the dominance of rational choice theory and condemning the illusion of an objective knowledge for and on policy, this paradigm draws ...
