Page 6 privacy had attended a short course and or received written material such as via the agency's induction or other training manuals. Despite the high level of general knowledge of privacy issues there were some apparent

**Privacy and Government - OAIC**

The notion of a right to privacy of citizens in their communications is discussed in the context of an international movement by governments towards regulation of cryptography, and consideration of key forfeiture systems in national cryptography use. The authors argue that the right to privacy in communications networks is an issue of
