Addition (often signified by the plus symbol "+") is one of the four basic operations of arithmetic; the others are subtraction, multiplication and division. The addition of two whole numbers is the total amount of those values combined. For example, in the adjacent picture, there is a combination of three apples and two apples together, making a total of five apples.

Our review of the literature on power in teams suggests that power can have deleterious consequences for team outcomes. Here we develop an emergent conflict account of power in which we explain why and when power can corrode team outcomes (for an overview of our theoretical model, please see Fig. 1). In this theory, we focus on the two most commonly examined conceptualizations of power at the ...
