

handbook of cultural developmental pdf

Cultural-historical psychology is a branch of psychological theory and practice associated with Lev Vygotsky and Alexander Luria and their Circle, who initiated it in the mid-1920s-1930s. The phrase "cultural-historical psychology" never occurs in the writings of Vygotsky, and was subsequently ascribed to him by his critics and followers alike, yet it is under this title that this intellectual ...

Cultural psychology is the study of how cultures reflect and shape the psychological processes of their members.. The main tenet of cultural psychology is that mind and culture are inseparable and mutually constitutive, meaning that people are shaped by their culture and their culture is also shaped by them. As Richard Shweder, one of the major proponents of the field, writes, "Cultural ...
