High Power Microwave Sources and Applications E. Schamiloglu Department of Electrical & Computer Engineering, University of New Mexico, Albuquerque, NM 87131 USA Abstract There has been considerable interest recently in high power microwave (HPM) sources for nonlethal directed energy weaponry applications. Many of

High Power Microwave Sources and Applications

high power microwave technology and its applications for the defense establishment. In recent years, the modern battlefield has become a target environment for high power microwave weapons. Except for the standard rifle, gun, knife, or grenade, virtually all military equipment contains some electronics.

into its greatest liability as recent advances in high power microwave (HPM) weapons are garnering interest around the world. The scientific and military communities have known the potential weapons effects of HPM or radio frequency (RF) energy since the 1930s with the development of radar and microwave systems. 1

HIGH POWER MICROWAVES ON THE FUTURE BATTLEFIELD

High-power microwave (HPM) sources have been under investigation for several years as potential weapons for a variety of combat, sabotage, and terrorist applications. Due to classification ...
