technological innovation and innovation process, taking into account attributes recently incorporated into the symbolic reflecting the impact of different types of innovations obtainable on the economic and social life.

Technological Innovation: Concept, Process, Typology and

the basic value chain in telecommunications, describing the major players that have contributed to this innovation. With these background pieces in place, Part IV turns finally to the core questions of the paper, asking what incentives motivate the key players in telecommunications and how they manage their innovations.

Innovation in Telecommunications - Harvard University

and context of innovations, the sort of questions that historians of technology ask about the invention of clocks, printing presses, and steam engines.¹¹ "13 Where and when did major technological innovations take place during the Upper Paleolithic? Were these innovations isolated, seemingly random events, or did they appear in clusters?

Innovation and Technological Knowledge in the Upper

DEVELOPING A PRODUCT INNOVATION AND TECHNOLOGY STRATEGY FOR YOUR BUSINESS A framework for developing a product innovation strategy includes defining innovation goals and objectives, selecting strategic arenas, developing a strategic map, and allocating resources. Robert G. Cooper and Scott J. Edgett OVERVIEW: Many companies lack a clearly articu-

Developing a Product Innovation and Technology Strategy

adoption of new technology is characterized by 1) uncertainty over future profit streams, 2) irreversibility that creates at least some sunk costs, and 3) the opportunity to delay. The advantage of the real options modeling approach is that it can explicitly incorporate these features into the adopter's decision-making process.
