Fencing is a group of three related combat sports. The three disciplines in modern fencing are the foil, the epee, and the sabre; winning points are made through the contact with an opponent. A fourth discipline, singlestick, appeared in the 1904 Olympics but was dropped after that, and is not a part of modern fencing. Fencing was one of the first sports to be played in the Olympics.

The English term fencing, in the sense of "the action or art of using the sword scientifically" (), dates to the late 16th century, when it denoted systems designed for the Renaissance rapier. It is derived from the Latin *defensio* (while conversely, the Romance term for fencing, *scherma*, *escrima* are derived from the Germanic (Old Frankish) **skrim* "to shield, cover, defend").
